Is something bothering you about the way Moviera helps you?

Can't you work it out with your counsellor?

Don't let it prey on your mind. Contact the client confidential adviser.

The client confidential adviser is not employed by Moviera but by the LSR. Therefore, she takes an independent position towards Moviera.

The client confidential adviser lends a sympathetic ear. She is on your side. She supports you in thinking of and working on a solution.

Anything you tell her will remain confidential.
